New Screen Magazine

No. 92

THE architecture of Old Ceylon is very beautiful. Most of the inhabitants of this part of India newer and are Buddhist followers. Their sacred images, carved out of solid stone, are still intact to-day. There are many of these monuments and a few notable temples still remaining.

"Save the Babies for the U. S. A.," says Dr. Royal S. Copeland, New York City's Health Commissioner, and his office is a mecca for anxious mothers with ailing babies. Help is given regardless of sex or creed.

This issue of the magazine contains some interesting "shots" of animals under the heading "Birds, Beasts and Fowl in Captivity," showing particularly deer, zebras, musk-ox, penguins and monkeys.

The magazine closes with a Pat Sullivan animated entitled "Sammie White's I Love Affair."
